

THE APPROPRIATE PERENNIAL PLANT LIST

These plants have lived well in our region and have a modest forgiving nature to varied initial soil conditions. You should come to know which plants may re-seed more aggressively when there are open soil opportunities present. That plant nature can cause too much competition for newly planted, young plants.

Achillea hybrid 'Hella Glashoff'

Asclepias incarnata

Asclepias verticillata

Allium angulosum 'Summer Beauty'

Allium hybrid 'Medusa'

Allium hybrid 'Millenium'

Allium schoenoprasum 'Forescate' and 'Alba'

Agastache foeniculum 'Blue Fortune'

Amsonia orientalis 'Blue Ice'

Amsonia taberneamontana salicifolia

Anemone vitifolia robustissima

Anthericum ramosum

Aruncus hybrid 'Horatio'

Baptisia hybrid 'Purple Smoke'

Baptisia leucantha

Baptisia sphaerocarpa and *minor*

Boltonia hybrid 'James Crockett'

Bouteloua curtipendula

Cacalia plantaginea

Calamagrostis acutiflora 'Karl Foerster'

Calamintha nepeta ssp. *Nepeta*

Coreopsis palmata

Coreopsis verticillata 'Golden Showers' and 'Zagreb'

Dalea purpurea

Dalea candida

Deschampsia 'Gold Tau'

Echinacea purpurea 'Virgin' 'Dwarf White Swan'

Echinacea purpurea 'Prairie Splendor'

Echinacea purpurea 'Rubin Glow'

Echinacea pallida and *simulata*

Eupatorium hybrid 'Little Joe'

Eupatorium hybrid 'Baby Joe'

Eupatorium fistulosum *alba*

Gentiana andrewsi

Gentiana flavida

Geranium hybrid 'Tiny Monster'

Geranium sanguineum 'Max Frei' other *sanguineum* selections

Geranium hybrid 'Orion'

Geranium sibiricum

Heliopsis helianthoides, selections 'Summer Nights'

Inula magnificum

Limonium gmenlinii ssp. *hungaricum*

Limonium latifolium

Lobelia siphilitica

Lythrum alatum

Molinia caerulea 'Paul Pederson' 'Hiedenbraut' 'Moorehexe'

Molinia caerulea ssp. *Arundinacea* 'Transparent'

Monarda bradburiana

Monarda

Nepeta hybrid 'Early Bird'

Nepeta hybrid 'Junior Walker'

Nepeta subsessilis

Parthenium integrifolium

Panicum virgatum 'Northwind'

Panicum virgatum 'Hieleger Hain' and 'Ruby Ribbons'

Panicum 'Cape Breeze'

Penstemon digitalis 'Huskers Red', 'Dark Towers', 'Pocahantus'

Perovskia atriplicifolia ssp. and 'Little Spire'

Phlox hybrid 'Forever Pink', 'Minnie Pearl', David, Jeana

Rudbeckia 'Viette's Little Suzy' and 'American Goldrush'

Rudbeckia fulgida 'sullivantii'

Rudbeckia grandiflora

Rudbeckia subtomentosa

Salvia azurea

Salvia x sylvestris 'East Friesland'

Salvia x sylvestris 'Wesuwe'

Salvia x sylvestris 'Blue Hill'

Salvia x sylvestris 'Snow Hill'

Schizachrium scoparium 'Little Luke', 'Jazz' and 'Blue Heaven'

Seslaria autumnalis

Seslaria hybrid 'John Greenlee'

Silphium mohrii

Silphium terebinthinaceum

Solidago sphaerocephala 'Golden Fleece'

Solidago 'Whichita Mountain'

Spodiopogon sibericus

Sporobolus heterolepis

Sporobolus airoides

Stachys officinalis 'Hummelo'

Stachys officinalis 'Rosea'

Symphotrichum oblongifolium 'Ocober Skies'

Vernonia lettermanii 'Iron Butterfly'

Vernonia 'Southern Cross'

Veronicastrum virginicum

Veronica hybrid 'Eveline'

Veronica hybrid 'Good Night Irene'

Veronica hybrid 'Very Van Gogh'

SEDGES

Carex montana

Carex albicans

Carex granularis

Carex grisea

Carex bromoides

Carex shortiana

Carex leavenworthii

Carex muskingumensis

Carex flacca

Carex pellita

Carex plantaginea

Carex brevior

Carex remota

Carex sprengei

Carex stricta

Carex pennsylvanica

SHADE PLANTS This group of plants relates to average 40% shade to 65 to 70% shade.

Aster divaricatus

Aster macrophyllus

Caulophyllum thalictroides

Thalictrum dioicum

Heuchera villosa

Dryopteris marginalis

Osmunda claytonia

Polystichum acrostichoides

Pulmonaria longifolia selections

Senecio obovatus

Smilacina racemosa

Syneilesis aconitifolia

Polygonatum commutatum

Hostas

Epimedium

Asarum canadense
